"I've been working with Matt for around 4 years now at Brown University. He is reliable, on time, professional, and has an eye for candid shots. As an event photographer he takes direction well and is quite flexible. Matt was also kind enough to shoot my RISD portfolio and did an excellent job. He was extremely patient with capturing my work and went above and beyond my expectations. His photography is creative and clean. Matt always delivers photos on a helpful disk that is organized and easy to navigate. He has always been a pleasure to work with and continues to be one of my top photographers."

"Matt, These pictures are incredible, way beyond any expectation!! I swear I have caught Ryan looking at them 50 times. He is so happy we did them too! Thank you so much for all you are doing for us. You are really capturing a special time for us, and that is the greatest gift anyone could give.

"Matt possesses the extraordinary sensitivity, the insight, the intelligent capacity, and the artistic talent to capture the momentum and the invaluable essence of human existence and human interaction, while 'floating' unassumingly and unobtrusively in the background. Matt's kind, thoughtful, and gentle demeanor makes the collaboration a great pleasure."

"Motowear USA has been working with Matt Francis Photos for just over two years. We produce products that are intended to have a visual impact so it's important that the photos properly convey that impact. Matt's photos are used to produce promotional material for both our products and our race team. Whether we are looking for an on location action shot of our riders or a studio session, Matt has always delivered exceptional results. Based on our past experience we can highly recommend Matt Francis Photos for any requirement you may have."

"Chris and I just wanted to say thank you so much for being a part of our wedding!! We had such an amazing day. We were so glad to have you there for us (I know my sister also said appreciated you getting things coordinated for the toasts). You had such a nice presence of being there but not really noticed and I felt like the day was really captured. We really appreciate all you did for us and are very excited with the pictures that we took. We look forward to seeing the wedding come to life again. Thanks again.

Sincerely,

Kristen & Chris
